Dear Joni

I have read all of your books to Emily, except Heaven Your Real Home. I read the whole Darcy series to Emily when she was five years old. She begged me not to put the book down at night!

On Sunday nights when we have our family devotions, we use the song "Gonna Go to Heaven" from Harps and Halos as our theme song to get the devotion started.

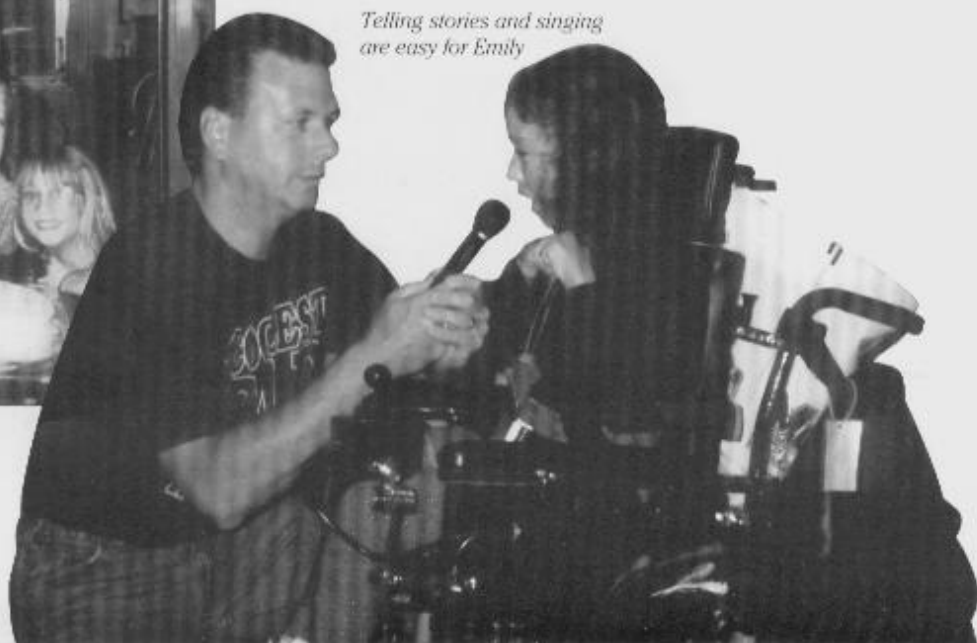

I have known for almost 4 years about the JAF Family Retreats and we are hoping to go next summer. The first summer we were unable to get the funds together, last summer we were busy, and this summer Emily had more hip surgery.

Thank you for turning your life experience into a ministry that can help others, as our family is one of those beneficiaries! Tom and I are better parents to Emily and have a stronger marriage due to Emily's disability. It has not been easy getting to where we are now, but we have grown in our relationship with God each other and those around us. It is an exciting adventure to realize through our life experience and God working in our lives that others may be drawn to him and God get the glory!
